FISCAL REVIEW COMMITTEE**

FISCAL NOTE

SJR 112

February 13, 2013

SUMMARY OF BILL: Creates a special joint committee to study the feasibility of establishing a system to make certain health-related boards and commissions more autonomous. Requires the Department of Health to provide necessary administrative support as requested. Requires the Committee to meet only on days when the House of Representatives and the Senate are otherwise meeting in session or committee. Requires the Committee to make a preliminary report of its progress to the standing health committees of the 108th General Assembly and to the Governor no later than February 1, 2014, and to make a final report no later than December 31, 2014, at which time the Committee will cease to exist.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Any impact to the Department of Health to provide requested administrative support can be accommodated within existing resources without an increased appropriation or reduced reversion.
- Because the Committee will only meet on days when the General Assembly is in session or committee, no additional travel and per diem expenses will be incurred by the Office of Legislative Administration.
- No additional travel costs for the non-legislative members.
